San Carlos

Roads to be inaugurated next Friday

A total of 27 kilometers of repaired roads and an electric network will be inaugurated on Friday, thanks to a cooperation agreement among the Industrias Infinito Company, The Cooperative of Electrification of San Carlos (Coopelesca) and the municipality.

The inhabitants of the following communities will be benefited by this: Infiernillo, Moravia, Chamorro, Crucitas and El Roble. The mining company donated 21.600 square meters of ballast – with a value of 54 million colones- drains –which value was of 1.5 million colones- and paid overtime for the amount of 500.000 colones. On the other hand, the municipality provided the machinery and the supervision and the cooperative took care of the installation of the electric network in those communities.
